The MARYLAND GAZETTE.

[XXth Year.] THURSDAY, April 26, 1764. [No. 990.]

LONDON, January 18.

HIS Serene Highneſs the Hereditary Prince ſet out for Hays in a Poſt Chaiſe, attended only by one Gentleman and two Domeſticks, to pay a Viſit to Mr. Pitt, with whom he had a Conference of near two Hours, and expreſſed great Satisfaction.

Jan. 25. This Day his Majeſty went to the Houſe of Peers with the uſual State, and gave the Royal Aſſent to the Bill for Naturalizing his Serene Highneſs the Prince of Brunſwick; to the Bill for puniſhing Mutiny and Deſertion; and to ſome private Bills. His Serene Highneſs was preſent in the Houſe when the above Bills were ſigned; dined afterwards at Leiceſter-Houſe with the Princeſs and her younger Brothers and Siſters, and then ſet out with her Serene Highneſs for Lord Abercorn's, in his Way to Harwich. His ſudden Departure has occaſioned much Speculation.

Dr. Pierce, Biſhop of Rocheſter, and Dean of Weſtminſter, reſigned both his See and Deanery, and retired to a private Life. His great Age aſſembled him for the conſcientious Diſcharge of his Function, which was the ſole Motive of his Reſignation. He has no Penſion or other Reward.

It is ſaid all Officers belonging to the Regiments in North America, now in Great Britain and Ireland, on Leave of Abſence, have received Orders to embark for their reſpective Corps without Delay.

It is ſaid the preſent exorbitant and uſurious Proceedings of certain naval and military Agents, in Conſequence of many heavy Complaints, will ſoon be curtailed by a parliamentary Reſtriction.

Jan. 30. It is reported, that a Commiſſion has been lately diſpatched to our naval Commanders in North-America, to deal with all French Ships of Force, who ſhall appear within a certain Latitude of Newfoundland (where it may be preſumed they have no lawful Buſineſs) as if the two Nations were at open War.

Five Regiments of Infantry from Great-Britain and Ireland, are ſoon to embark for North-America.

Jan. 20. Among the ſeveral Articles of the Growth of our new Colonies lately imported, are ſome Stalks of Fine Hemp raiſed in Florida, which are ſingly of ſo ſtrong a Texture as to raiſe a Weight of Fifty Pounds; and at the ſame Time may be ſplit ſo as to equal ſine Silk; 'tis ſaid great Expectations with regard to Trade are formed from the Growth and Culture of this valuable Manufacture.

Upwards of Five Thouſand German and other Proteſtant Families, are preparing, in the Courſe of the enſuing Summer, to embark, with all their Effects, for the Engliſh Settlements in North-America.

It is ſaid Orders are ſent down to Weſtwick to make a Draught from the royal Regiment of Artillery, to fill up the Deficiencies in the different Corps ſtationed in the Garriſons of North-America, and that they will embark as ſoon as the Seaſon will permit.

Jan. 21. A new Packet will ſhortly be ordered on the New-York Station, in the room of the Counteſs of Leiceſter, lately loſt.

We have a Plan has been preſented to the Lords of the Admiralty, for building ſome light Frigates, with Eighteen Guns a Side, and to carry 18 or 20 Guns, to be made uſe of in the Weſt-Indies, inſtead of larger Ships.

We hear the Correſpondency of the two Floridas is at laſt ſettled Five for One, which is thought to be the moſt proper Medium between that of the Iſlands and the Northern Colonies. They write from Quebec, that the River Weſt Machin much overflowed its Banks, and both laid the flat Country near Wates, and ſeveral Veſſels were carried out of the Current into the Marſhes, where they were loſt.

Damage done in the Downs. On the 24th inſt. a Sloop came into Ramſgate, which Maſter ſays he ſaw two Ships run foul of each other, one of which foundered, and the other ſeemed to be in great Diſtreſs. A Brig ſuppoſed to have been taking Goods out of the Earl of Holderneſſe's was loſt to Leeward in the Gelph Stream. One Ship in the Downs, has loſt all her Maſts. A large Dutch Ship came into Ramſgate with only her Foremaſt ſtanding. A Brig is aſhore at Broad-ſtairs, with her Maſts gone. A Brig with ſeveral Maſts gone, lies aſhore on the North Foreland, but afterwards drove out to Sea with her Bowſprit gone; and three or four Sloops aſhore at Ramſgate, which are ſome got off, and in Harbour.

Jan. 24. So great was the Curioſity of Lord Clive to ſee the Hereditary Prince, upon his ſecret arrival three Days ago with a Seat in the Boxes of Covent-Garden Theatre on Thurſday Night.

They writes from Ireland, that a Regiment, now lately at [illegible], in that Kingdom, quit roy Pairs; left in Antrim, the County of Weſtmeath, Mr. [illegible], Grandſon of Alderman Perkins of the ſaid County, who was Maſter and Mayor of Bath, Mrs. Elizabeth Clifford, aged 117; ſhe lived to ſee her Offspring to the Fifth Generation.

Mar. 28. They write from Newbury, Berks, that the Rains have been ſo much ext, that the Church ſtands perpendicular, and the Inhabitants were obliged to ſail to get Proviſions.

By a Letter from Caermarthen, in Wales, we are informed a remarkable Wedding lately conſummated at Llanddowy Pariſh Church of that Town, between Anthony Thomas of the ſaid Pariſh, aged 42, and Elin Prichard, of the Pariſh of Trewſtchurch, in Anglesey, both of them having been twice half dead already, and both have had a long Time their mutual Affection for each other, that however they met, they could never part without a ſmall Degree of great Reluctance.

Feb. 1. One of the moſt affecting Scenes at the Exhibition of the Princeſs Amelia was as follows: Wood the Highlander, who had kept up her Spirits ſurprizingly, was on the Point of taking Coach, in going through the Hall, he ſpied all his Servants, drawn up in a row, to take their laſt Farewell of the unfortunate and moſt beauty beloved Maſter! The Sight of them inſtantly ſmote the brave Tears, and covering her Handkerchief before her Face, he haſtened to his Carriage, unable to expreſs the Emotions he felt in this moment.

Feb. 11. The following little Anecdote is much talking, and too intereſting to every Engliſh Breaſt, to be paſſed over in Silence: When the Ketch made Sail, in which was her Royal Highneſs the Princeſs of Brunſwick, ſhe was accompanied by thoſe about her to quit the Deck, and partake of ſome Tea or Coffee which was prepared below. She ſaid, *in one half Hour I ſhall be out of Sight of England-coaſt I will not ſee the laſt Cliff of my dear native Country, till I can ſee it no longer.*

Feb. 13. On Wedneſday laſt a Duel was fought in Epping Forreſt, between Cornet Gardiner of the Carriſſiers (and not Capt. Gardiner of the Marines, who diſtinguiſhed himſelf laſt War at the Siege of Guadaloupe, tho' it was generally reported to be the Latter) and the Rev. Mr. Hill, Chaplain of Bland's Dragoons, when the latter received a Wound in his Body, of which he died on Friday Night, at his Lodgings in Johnſon's Court, Charing Croſs.

Feb. 14. It is ſaid that the Right Hon. Lord Clive is preparing with all Expedition to ſet out for the Eaſt-Indies, in the firſt Ship that ſails, his Lordſhip's Preſence being abſolutely neceſſary in thoſe Parts.

His Grace the Duke of Bedford's Eſtate, which is ſituated at Thorney, about five or ſix Miles from Peterborough, which conſiſts of above 2000 Acres of Land, is entirely under Water, 4 Feet deep, ſo that it looks like one continued Sea.

Laſt Week got on board a Ship in the River, coming from Bermuda, William Popple, Eſq; Governor of that Iſland.

Sunday laſt the Wife of a Barber, in the City of Durham, who was married ſhe Day before, was delivered of Three Sons and a Daughter, who were immediately baptiſed by the Names of Abraham, Iſaac, Jacob and Sarah. The Woman is in a tolerable good Way, but there ſeems but little Probability of the Children doing well. [*This good Jeruſalem Family was really very Numerous*].

We learn from Hull in Yorkſhire, that the Country adjoining to that Town, on the Holderneſs Side of the River Hull is totally under Water for ſeveral Miles; that though there are ſeveral Drains into that River, which carry off a great Quantity of Water, the Inundation rather increaſes than diminiſhes; that ſome Villages were quite deſerted of Inhabitants, and that it was not without much Danger the Country People came to that Town, the only Place where there was once a good Turnpike Road.

A Letter from York in Yorkſhire ſays, "This Place has undergone a ſecond Inundation within this Month. The former, of the firſt of December, you are already acquainted with from the public Papers; the latter began on Thurſday, the 30th of the Morning, and roſe to the Height of ſeveral Feet in every Houſe in the Town. The Current of the River through the Streets was very violent, and attended with a terrible Wind, which ſeemed to threaten us with our Deſtruction. As the Inhabitants had ſo lately ſuffered from the ſame Cauſe, they very readily took the Alarm upon the firſt riſing of the River, and ſecured their Effects and perſiſhable Commodities into their upper Rooms, which happily prevented much greater Loſſes than otherwiſe they muſt have unavoidably ſuſtained, as the Flood continued for two whole Days. We have hardly a Garden Wall ſtanding about the Town; and our Houſes are ſo weak ſhaped with wet, that the Conſequence may be very bad, eſpecially as Coals are very ſcarce here, on account of the late rainy Seaſon."

BOSTON, April 5.

Extract of a Letter from London, Feb. 11, 1764.

"The French King has publiſhed an Arret, permitting the free Importation of Horſes and Lumber into his Iſlands, to be paid for in Rum and Melaſſes."

Other Advices from London are, that the Trade between the Weſt-Indies and North-America, as alſo the Revenues of the latter, are now under Conſideration. The Duties on Melaſſes, Sugars, &c. Particularly have his Majeſty's Plantations from the French, Spaniſh and Dutch Settlements in the Weſt-Indies, but chiefly from the former, it is ſaid, would be determined by the latter End of February laſt——Various are the Conjectures as to this Affair; but from it is ſaid, a heavy Duty will be laid on foreign Molaſſes, ſo as Foreign may Gallons is cheaper, as much as Engliſh will be; That there will be a Duty of 10s. per C. Weight on foreign Sugars, a very large Duty, a total Prohibition of French Rum. It is alſo ſaid, a Duty will be laid on Teas, as Wine and Fruit from Spain and Portugal, imported into the Plantations. It is ſaid, that the Duty on Whalebone, exported from the Colonies of Great-Britain, will be taken off——It is ſaid a Premium is likely to be granted on Hemp raiſed in, and imported from N. America.

Theſe are publick Reports; the laſt Veſſels from London, it is probable, will bring the Determination of them.

It is remarked, that General Monckton will, at the earneſt Requeſt of the Colonies, be appointed Commander in Chief in North-America.

It is reported that Lord Egmont is to have the Property of the Iſland of St. John in the Gulph of St. Lawrence. The Tenure by which Lord Egmont propoſes to hold the Iſland of St. John, is, it is ſaid, extremely well calculated for the Cultivation of that Iſland, and for the Advantage of the Trade, and particularly the Fiſhery of N. America; the Government thereof propoſed, has not the leaſt Reſemblance or Analogy to the Propriatary Form of other Governments often complained of; but, on the contrary, all that Inconveniencies are obviated.

The Iſland of St. Vincent, in the Weſt-Indies, is claimed by Lord Cardigan, as Heir to the Duke of Montague.

NEW-YORK, April 16.

Our laſt Advices received from above, are dated the 6th Inſtant, and are authentick, viz.

That John Johnſon, Eſq; Sir William's Son, has ſet off with about 200 Indians and Whites, to deſtroy the Towns on the Weſt Branch of Suſquehannah, &c. as many of the Delawares who have not retired farther South, are aſſembling themſelves to have one Trial for their Country, which is the whole Body of that Nation muſt abandon, if repulſed. There are 200 more in the ſame Service, under Capt. Montour, and two other Officers; to that when Capt. Johnſon joins them, we may expect to hear that the Enemy have received their Deſerts.

Since the 8th ultimo, not leſs than 1000 Perſons have been inoculated for the Small-Pox in Boſton, and not above 5 of that Number died, and they were Children under 2 Years old, that had been troubled with other Infirmities.

PHILADELPHIA, April 19.

We hear from Northampton County, that one David Owens, a Deſerter from the Regulars, who has lived ſome Years among the Indians, came in laſt Week to one of our Out Poſts, bringing with him five freſh Indian Scalps, and a white Boy, who was a Priſoner among the Indians, being taken by them laſt Fall, when they killed the People that were croſſing Delaware in the Flat. They relate, that they were coming down Saſquehannah with nine Indians, viz. four Men, a Lad, two Women, and two Children, to fetch Corn; that they encamped at Night, and made a Fire to ſleep by; that in the Night Owens waked the white Boy, and made him go from among the Indians, and lie on the other Side of the Fire; that he then removed their Arms, except two Guns, and a Hatchet; with the two Guns he ſhot dead two of the Indian Men immediately, and with the Hatchet diſpatched the Indian Lad, the two Women, and two Children; but two of the Men made their Eſcape. Owens laid not far from the Place till the Morning, when he ſcalped the two Men, the Lad, and the two Women, and then gave the Knife to the white Boy, bidding him ſcalp the two Children; but he declining it, they left them unſcalped, and came away. Other reports that 500 Indians were aſſembling, and waiting for others to join them, in an Invaſion of this Province; but the following Advices make this doubtful.

Extract of a Letter from Johnſon Hall, April 5.

"I have now upon Service 200 friendly Indians, who will be able to ſave your Province from the Incurſions of the Delawares, &c. The Savages have been in great Alarm, at the Return of Indians from Detroit, they have ſued for Peace, and agreed to every Condition required of them. I thought the News might not be diſagreeable to you."

Extract of a Letter from New-York, April 16.

"Sir William Johnſon has concluded a Peace with the Chenuſes. They are to deliver up all the Priſoners, to give Hoſtages, and ſeven other Indian Traders, and for this have left three Hoſtages with Sir William. They are to deliver up all the Priſoners they have, Deſerters and Negroes, among them. They have called to Mind Majeſty and Carrying Place at Niagara, and ſome other Poſts, have taken up the Hatchet againſt His Majeſty's Enemies, are to lead a Number of Warriors to act againſt the Shawanoes and Delawares, and are to call in all their People that are among them."

Sir William has ſeveral Parties out above 400

one Party of 200, Commanded by his Son; he expects very good Accounts from these Parties, and hopes to bring about a general Peace with the Indians."
